To the Honorable Mayor and Vice Mayor, Town Council, and the Citizens of the Town of Southwest Ranches, Florida:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the Town of Southwest Ranches, Florida (the Town), for the fiscal year ended September 30, 2014. Although Florida Statutes requires that every general-purpose local government publish within nine months of the close of each fiscal year a complete set of audited financial statements, the Government Finance Officers' Association (GFOA) recommends that local governments publish same within six months. Therefore, in addition to meeting legal requirements, the report presents the Town's strong support of full financial disclosure in the timeliest of manner. This philosophy is reflected by the informative financial analysis provided by the Town's Finance Department and the exhibits and statistical tables included herein.

The CAFR's role is to assist in making policy decisions and to assist in providing accountability and transparency to the citizenry by:

- Comparing actual financial results with the legally adopted budget, where appropriate;
- Assessing financial condition and results of operations;
- Assisting in determining compliance with finance related laws, rules and regulations; and
- Assisting in evaluating the efficiency and effectiveness of Town operations.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Town. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly present the financial position and results of operations of the Town; and that all disclosures necessary to enable the reader to gain an understanding of the Town's financial activity have been included.

Marcum LLP, independent auditors, has issued an unmodified opinion on the Town of Southwest Ranch's financial statements for the fiscal year ended September 30, 2014. The independent auditors' report is located at the front of the financial section of this report. The Town's Financial Statements have been prepared in conformity with generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). The Town's Management Discussion and Analysis document (the MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A compliments the letter of transmittal and should be read in conjunction with it.

ACCOUNTING AND INTERNAL CONTROLS

Management of the Town is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- The cost of a control should not exceed the benefits likely to be derived: and
- The valuation of costs and benefits requires estimates and judgments by management.

PROFILE OF THE GOVERNMENT

The Town comprises approximately thirteen (13) square miles, with a 2013 census population estimate of 7,676 and is located in the southwest portion of Broward County, a major metropolitan area. The Town is located between the three major urban cities, Davie (population estimate of 96,830), Pembroke Pines (population estimate of 162,329) and Weston (population estimate of 68,388). The neighboring cities provide a wealth of attractions and business for use by the residents of the Town. The residents benefit from this close association with the urban neighbors because the Town does not need to provide for these services.

The Town was incorporated on June 6, 2000. The Town's current Charter was amended by the citizens on November 4, 2003, on November 7, 2006 and on November 2, 2010. The Town operates under the Council-Administrator form of government where the Mayor and four Council Members must live in residential districts, are elected at large and appoint a Town Administrator and Town Financial Administrator. The Town Council establishes policy for the operation of the government, enacts ordinances for the safety, welfare, and orderly interaction of the citizens of the Town, adopts a millage rate and annual budget, appoints the Town Attorney and Town Clerk, as well as members to various advisory boards, agencies, and authorities within the Town, and engages an independent auditor.

The financial reporting entity (the Town of Southwest Ranches) includes all funds of the primary government (i.e., the Town of Southwest Ranches as legally defined), as well as all of its component units. Component units are legally separate entities for which the Town of Southwest Ranches is financially accountable or the nature and significance of the relationship between the Town and the entity was such that exclusion would cause the Town's financial statements to be misleading or incomplete.

The Town has identified one component unit: The Southwest Ranches Volunteer Fire Rescue, Inc. is reported as a blended component unit of the Town and its governing body is composed of the members of the Town Council. Additional information can be found in Note 1 of the notes to the basic financial statements.

SERVICES PROVIDED

The Town contracts for all major Town services including police, fire, emergency medical services, building inspections, code compliance, planning & zoning and solid waste & recycling. The Town also has employees to administer all contracts, grants, and daily operations of the Town as well as provide basic municipal services including parks, recreation, and general government services.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment. Despite the economic conditions, the Town has maintained its strong financial position through prudent planning and fiscal actions to reduce or contain costs.

The Town has rebounded from a weak economy and real estate sales and values have seen an uptick as most other governments in Florida and in the nation; however, the Town has weathered this business cycle better than other communities due to the composition of its economy. Specifically, the Town primarily consists of an affluent residential housing stock of minimum one-acre and larger, single family estates.

In 2013, the Town experienced a less than 1% increase in taxable assessed value and a 2.0% increase in 2014. However, the 2014 taxable assessed values are still below the 2009 taxable assessed valuation causing financial stress to the Town.

The Town has made it a policy to establish reserve funds to offset unanticipated expenditures and ensure that a funding source exists in the event of a setback in the continuation of recently positive economic conditions. The General Fund has an unassigned fund balance equal to 39.4% of the final 2014 General Fund operating budget.

On a long-term financial perspective, the Town has identified all capital asset and infrastructure projects under a five-year capital improvement plan (CIP). This five-year CIP serves as a quick reference for a project timeline and identifies current and future funding requirements. Accordingly, eleven projects have been fully or partially funded during the fiscal year 2015 budget process.

The Town adheres to several financial policies that impact daily operations and the current period's financial statements. The Town's budgetary and financial policies provide the basic framework for the overall fiscal management of the Town. The following policies were used in the development of current activities.

Revenue Policy:

The Town maintains a diversified revenue system to avoid reliance on property taxes. Charges for services are being provided at full cost recovery for services for individual users. One time revenue will never be used for ongoing operating costs.

Debt Policy:

The Town reviews and evaluates its existing obligations and future borrowing needs regularly. The Town, when necessary, will only issue debt for capital improvement projects. During 2013, the Town refinanced a portion of its 2001 debt at a lower interest rate resulting in receiving over \$300,000 in present value cash savings for parks, recreation and open spaces capital improvements. The Town also borrowed \$439,139 and \$360,860 in 2010 and 2012, respectively from a line of credit to fund roadway and drainage improvements. Finally, the Town entered into a \$2,500,000 note with a financial institution for the purpose of refunding an existing pooled commercial loan and to fund the move to a new permanent Town Hall building during 2012. These loans are still outstanding at September 30, 2014.

AWARDS

The Town has applied for and was awarded the Certificate of Achievement for Excellence in Financial Reporting awarded by the Governmental Finance Officers Association (GFOA) of the United States and Canada for the Town's first ever CAFR in 2003 and again in 2005, and 2007 through 2013. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. This report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current 2014 CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The preparation of this CAFR would not have been possible without the efficient and dedicated effort of the Finance Department. The unconditional cooperation of the other departments and their respective staff is also greatly appreciated and deserving of gratitude for understanding the importance of the financial status of this Town and as

such, worked diligently to provide quality service within our financial means. We also wish to extend our appreciation to the auditing firm of Marcum LLP for their professional approach and high standards in conducting the audit of the Town's basic financial statements and related note disclosures as well as their assistance in the preparation of this CAFR.

Finally, credit also must be given to the Mayor and the Town Council for their leadership and unfailing support for maintaining the highest standards of professionalism and transparency in the management of the Town's finances.

INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

To The Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Southwest Ranches, Florida (the Town) as of and for the fiscal year ended September 30, 2014 and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Southwest Ranches, Florida as of September 30, 2014 and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information on pages 4–14 and 46–48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual fund statements and schedules, the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 6, 2015 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

Within this section of the comprehensive annual financial report for the Town of Southwest Ranches (the Town), the Town's management is pleased to provide this narrative discussion and analysis of the financial activities of the Town for the fiscal year ended September 30, 2014. The Town's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

2014 FINANCIAL HIGHLIGHTS

- The Town's assets and deferred outflows of resources exceeded its liabilities by \$50,584,707 (total net position) as of September 30, 2014.
- Total net position increased \$532,174 and are comprised of the following:
 - (1) Investment in capital assets of \$44,619,097 include property and equipment, net of accumulated depreciation.
 - (2) Net position of \$599,649 are restricted by constraints imposed from the Town in the amount of \$389,361 for transportation, \$128,291 and \$70,977 for fire control and the volunteer fire department, respectively, and \$11,020 for public safety from outside the Town such as grantors, laws, or regulations.
 - (3) The Town's total debt decreased \$502,068 to a total of \$6,644,647. Total debt includes loans as well as notes payable of \$6,628,171 and a capital lease payable of \$16,476.
 - (4) Unrestricted net position consist of \$5,365,961 that may be used to meet the Town's ongoing obligations to citizens and creditors.
- The Town's governmental funds reported total ending fund balance of \$5,453,840 at September 30, 2014. This compares to the prior year total ending fund balance of \$5,014,207 showing an increase of \$439,633 during the current year.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$3,830,892 or 41% of total General Fund expenditures and net transfers. The unrestricted fund balance for the General fund was \$4,343,756 or 47% of total General Fund expenditures and net transfers.
- Overall, the Town continues to maintain a strong financial position.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management Discussion and Analysis document introduces the Town's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The Town also includes in this report additional information to supplement the basic financial statements. Comparative data is presented to allow comparison to the prior fiscal year.

Government-wide Financial Statements

The Town's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the Town's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Position*. This is the government-wide statement of position presenting information that includes all of the Town's assets and liabilities, and deferred inflows/outflows, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town as a whole is improving or deteriorating. Evaluation of the overall health of the Town would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of the Town's infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the Town's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the Town's distinct activities or functions on revenues provided by the Town's taxpayers.

Both government-wide financial statements distinguish governmental activities of the Town principally supported by taxes from business-type activities intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, community services, parks and recreation and transportation.

The government-wide financial statements are presented on pages 15 and 16 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Town uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the Town's most significant funds rather than the Town as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for nonmajor funds is provided in the form of combining statements in a later section of this report.

The Town has two types of funds:

Governmental funds are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the Town's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 17 - 20 of this report.

Individual fund information for nonmajor governmental funds is found in combining statements in a later section of this report.

Proprietary funds are reported in the fund financial statements and generally report services for which the Town charges customers a fee. The Town's proprietary fund is classified as an enterprise fund. The enterprise fund essentially encompass the same function reported as business-type activities in the government-wide statements.

The basic proprietary fund financial statements are presented on pages 21 - 23 of this report.

Notes to the Basic Financial Statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the basic financial statements begin on page 24 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary. Budgetary comparison schedules are included as "required supplementary information" for the General Fund and the Transportation Fund. Budgetary comparison schedules for all other governmental funds can be found in the supplementary information section of this report. These schedules demonstrate compliance with the Town's adopted and final revised budget.

Supplementary Information

As discussed, the Town reports major funds in the basic financial statements. Combining and individual fund statements and schedules for nonmajor funds are presented in a supplementary information section of this report beginning on page 49.

FINANCIAL ANALYSIS OF THE TOWN AS A WHOLE

The Town's net position at fiscal year-end are \$50,052,533. The following table provides a summary of the Town's net position:

The following chart reports the Town's total net position balances from fiscal year 2005-2014.

Note over the last ten years, the total net positions have increased \$5,484,542.

Current assets in governmental activities and business-type activities increased in fiscal year September 30, 2014. Cash and investments for governmental activities and business-type activities increased \$493,309 and \$137,463, respectively.

The Town continues to maintain high current ratios. The current ratio compares current assets to current liabilities and is an indication of the ability to pay current obligations. The current ratio for governmental activities is 4.8 to 1 as compared to 5.4 to 1 at September 30, 2013. The current ratio for business-type activities is 5.6 to 1 as compared to 6.7 to 1 at September 30, 2013. Overall, the total current ratio at September 30, 2014 decreased to 4.8 to 1 as compared to 5.5 to 1 at September 30, 2013. The decrease was primarily due to an increase in accounts payable and accrued liabilities pertaining to capital project construction in progress as of fiscal year end.

The Town reported positive balances in net position for both governmental and business-type activities. During 2014, net position increased \$429,679 and \$102,495 for governmental activities and business-type activities, respectively. The Town's overall financial position improved during fiscal year 2014. The Town remains in a strong financial position within an overall improving economy.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) Town of Southwest Ranches, Florida
As of and For the Year Ended September 30, 2014**

Note that approximately 89.4% of the governmental activities' total assets are tied up in capital assets. The Town uses these capital assets to provide services to its citizens. The business-type activities do not have capital assets. By combining governmental activities with business-type activities, the Town has invested approximately 88.5% of its total assets in capital assets, as presented in the government-wide statement of net position.

The following table provides a summary of the Town's changes in net position:

Governmental Activities Revenues

The Town is heavily reliant on Ad valorem (property) taxes to support governmental operations. Property taxes provided 41.4% of the Town's total revenues as compared to 40.1% in fiscal year 2013. Other taxes, which includes franchise and utility taxes provided 17.4% and 16.6% of the Towns total revenues for fiscal year 2014 and 2013, respectively. Because of the Town's healthy financial position, we have been able to earn \$5,598 in investment earnings to support governmental activities.

Note that program revenues covered 32.7% of governmental operating expenditures as compared to 38.0% in fiscal year 2013. This means that the government's taxpayers and the Town's other general revenues normally fund 67.3% of the governmental activities, primarily from property taxes, other taxes and unrestricted intergovernmental revenue. As a result, the general economy has a major impact on the Town's revenue streams.

Governmental Activities Expenses

The following table presents the cost of each of the Town's services, including the net costs (i.e., total cost less program revenues generated by the activities). The net costs illustrate the financial burden that is placed on the Town's taxpayers by each of these services.

	Governmental Activities			
	Total Cost of Services	Percentage of Total	Net Cost of Services	Percentage of Total
General government	1,885,010	19.2%	\$ 1,858,510	28.1%
Public safety	5,688,914	57.8%	3,607,262	54.5%
Community services	777,301	7.9%	(224,326)	-3.4%
Parks and recreation	482,289	4.9%	377,849	5.7%
Transportation	767,872	7.8%	759,872	11.5%
Interest and other debt service costs	240,636	2.4%	240,636	3.6%
Total	\$ 9,842,022	100.0%	\$ 6,619,803	100.0%

The public safety expenditures total gross almost 58% while net of program revenues total almost 55% of costs. The public safety function generated \$2,031,296 in user charges and \$50,356 in grant (operating and capital) revenues, which offsets program costs. The community services expenditures total gross of 7.9% while net of program revenues total -3.4%. The community services function generated \$1,001,627 in user charges, primarily from fines and forfeitures of \$488,337, resulting in a negative program cost (and therefore a revenue positive situation). Other total cost and net costs do not differ substantially by percentage or by dollars for each service.

Business-Type Activities

The Town reports one major enterprise fund, Solid Waste.

Total operating revenues decreased \$51,587 or 4.6% while operating expenses decreased \$184,958 or 19.1%.

Specifically, contractual and recycling expenses decreased \$164,695 due to a change in solid and bulk waste as well as recycling disposal providers resulting in a lower cost of service and which also impacted revenues since most of the savings was passed through to customers in the form of lower rates. Other operating expenses decreased \$20,263 in fiscal year 2014 as compared to fiscal year 2013. Much of this decrease relates to a decrease in professional fees that were charged in fiscal year 2013.

In total, the operating income increased \$133,671. The total increase in net position was \$102,495.

FUND ANALYSIS

Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$5,453,840 compared to \$5,014,207 at September 30, 2013.

The total governmental revenues exceeded expenditures by \$439,633.

The General Fund revenues exceeded its expenditures by \$1,683,853. Transfers in from Solid Waste of \$183,327 and transfers to other funds totaling \$1,374,547 offset this excess. The details of the general fund's financial operations are discussed below.

Governmental funds report total fund balance of \$5,453,840. Of this year-end total, \$610,669 is legally restricted for transportation (\$389,361), fire protection (\$128,291) volunteer fire operations (\$70,977), and public safety (\$11,020). \$212,139 is committed to various projects. \$297,525 is assigned to the following purposes; debt service \$28,448 and capital projects \$269,077. \$513,635 is considered non-spendable and \$3,830,892 is unassigned and available for future appropriation within the General Fund.

The total ending fund balances of governmental funds show an increase of \$439,633 or 8.8% over the prior year.

Major Governmental Funds

The Town reports three major governmental funds, the General Fund, Transportation Fund and the Capital Projects Fund.

General Fund - The General Fund is the Town's primary operating fund and the largest source of day-to-day service delivery. The General Fund's fund balance increased by \$492,633 or 12.4% as compared to \$1,104,247 or 38.3% increase in 2013. The ending unassigned fund balance is considered very adequate, representing the equivalent of 47.3% of annual expenditures. This percentage compares to 46.5% at September 30, 2013.

Ad valorem (property) taxes increased \$99,040 or 2.4%. This increase relates to a slight increase in the taxable value of property, with no offsetting millage rate increase from the prior year. However, in total, all tax revenues were \$165,768 or 2.8% above those of 2013. Licenses and permits were \$604,935 or 16.9% over the 2013 amount primarily due to increased building permitting activity.

Total General Fund expenditures increased \$658,228 or 8.9% above the fiscal year 2013 level. The most significant changes, by department, from fiscal year 2013 are described below.

General government costs, consisting of legislative, legal, executive and clerk administration, and finance departments were \$11,016 above the 2013 amount.

In total, public safety costs were up \$715,078 or 15.7% above the 2013 amount. This increase is primarily due to start-up costs incurred for the transition to a new police service provider (\$565,564 or 12.4% in total), as well as an annual fire service provider contractual increase (\$149,514 or 3.3% in total).

The 2014 community services expenditures were \$57,812 or 8.0% above 2013. This increase primarily relates to increased permits and application fees for building, planning/zoning and engineering. The 2014 parks and recreation amounts were \$27,636 lower than the 2013 amount of \$223,462. The major portion of this decrease relates to lower; tree maintenance of \$28,446; contractual services maintenance of \$4,327; grounds maintenance of \$7,175 offset by increases in personnel and training and education costs totaling approximately \$7,266.

In this fiscal year, the General Fund transferred \$1,374,547 to other funds, which included \$734,609 to the Debt Service Fund, \$251,532 to the Volunteer Fire Department Fund (a component unit), \$174,934 to the Capital Projects Fund, and \$213,472 to the Transportation Fund. The Solid Waste Fund transferred \$183,327 to the General Fund.

Transportation Fund – This fund accounts for the Town’s share of the state gasoline and local option gas taxes, which are restricted to transportation purposes. In fiscal 2014, revenue of \$169,672 of intergovernmental revenue was earned as compared to \$174,863 in fiscal year 2013. \$239,077 was expended on roadways including engineering and related personnel costs during 2014 and \$67,706 on capital outlay comprising of; drainage improvements (\$6,800); roadway improvements including striping/markers (\$56,706); and guardrails (\$4,200). The total legally restricted transportation fund balance at fiscal year end 2014 was \$389,361.

Capital Projects Fund - This fund is financed from transfers from the General Fund, as indicated above, and miscellaneous income consisting of private source donations. Additionally, intergovernmental revenue, consisting of capital grants, decreased \$210,104 or 61% from the prior year to \$139,293 due to lower public safety capital grants and contributions.

During fiscal year 2014, this fund spent \$503,506 on capital outlay, which includes:

- Machinery and Equipment for Public Safety \$36,035
- Buildings and Bldg Improvements for Town Hall/Public Safety \$5,179
- Machinery and Equipment for Town Hall/Public Safety \$3,645
- Buildings and Bldg Improvements for Parks and Open Spaces \$225,554
- Infrastructure for Parks and Open Spaces \$233,093

Assigned fund balance totaled \$269,077 while committed fund balance totaled \$209,053. The total capital project fund balance at fiscal year-end 2014 was \$478,130.

Proprietary Fund

Proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. The business-type activities analysis above discusses the Town’s enterprise fund.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund’s budget was amended in this fiscal year to reflect Departmental line item reclassifications and new Town Council initiatives.

Fines and forfeitures and miscellaneous revenues exceeded the final budget by \$34,145 or 7.5% and \$51,873 or 76.1%, respectively. The fines and forfeitures increase relates to unanticipated higher code enforcement recoveries while the miscellaneous increase relates to the unanticipated receipt of a secondary final distribution from the Broward County Resource Recovery Board. All other revenue sources were consistent with the adopted budget. Overall, we ultimately recognized \$112,514 or 101% over the revenue budget.

On the expenditure side, the Town’s actual expenditures for each department were less than budgeted due to conservative budgeting. By function, general governmental were \$69,184 or 3.7% below the budget, public safety were \$281,391 or 5.1% below the budget, community services were \$22,686 or 2.8% below the budget, parks and rec & open spaces were \$53,581 or 21.5% below the budget and capital outlay were \$5,143 or 12.6% below the budget.

Overall, the total General Fund budget was underspent by \$432,255 or 5.1% primarily due to lower than anticipated public safety, including police service transition start-up costs as well as tight Departmental Director expenditure controls.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Town's investment in capital assets, net of accumulated depreciation and any deferred inflows/outflows associated with capital debt, for governmental activities as of September 30, 2014, was \$51,273,723. The change in this net investment was less than a 1% decrease for governmental activities. See Note 6 for additional information about changes in capital assets during the fiscal year and outstanding at the end of the year.

The following table provides a summary of capital asset activity:

	Capital Assets

Debt

The Town reports the series 2001 revenue bond loan issued through the Florida Municipal Loan Council, series 2013 revenue refunding note payable as well as series 2011 revenue refunding note and loan payable with financial institutions, and a capital lease. The following table reports long-term debt balances at September 30, 2014 and 2013:

	Outstanding Long-term Debt			
	Governmental Activities			
	2014		2013	
FMLC Loan Payable	\$ 1,640,000	**	\$ 1,640,000	**

**Totals herein include total principal amount outstanding for the FMLC Revenue Bonds. The reoffering premium balance net of amortization, and the balance for the underwriters discount net of amortization has been expensed and restated pursuant to the Towns implementation and early implementation of GASB #63 and #65, respectively for fiscal year 2013. See Note 7 for additional information about the Town's long-term debt.

A SUMMARY OF THE ECONOMIC CONDITIONS AFFECTING THE TOWN

The State of Florida, by constitution, does not have a state personal income tax and therefore the State operates primarily using sales, gasoline and corporate income taxes. Local governments (towns and cities, counties, school boards) primarily rely on property and an array of permitted other taxes (utility taxes, franchise fees and local business taxes) as well as intergovernmental revenues for their governmental activities. For business-type activities and certain governmental activities (building/construction services and parks, recreation and open space programs), the user pays a related fee or charge associated with the service.

As of September 2014, the unemployment rate for Broward County residents was 5.2%, comparing favorably to the State's unemployment rate of 6.1%. The Town's residents would expect to have a lower unemployment rate than is reported for the county. Inflationary trends in the region continue to also compare favorably to national indices, which is a positive sign. In addition, according to the U.S. Census Bureau (2009-2013), the Town's median household income of \$99,896 compares favorably to the State's median household income of \$46,956.

In the 2014–2015 adopted budget, we continue operating in a cautious economic environment. There are some indications of a continued marginal increase in housing values and related taxable values. Additionally, inflationary trends in the region compare favorably to national indices.

Some of the key elements affecting the fiscal year 2014-2015 budget include:

- Relatively no change in taxable values
- Continuance of an extremely low interest yield environment
- Crude oil prices may assert some inflationary pressures
- Slow growth rates of building construction and rehabilitation
- Continuance of a marginal decline in the State of Florida shared revenues, especially from gas taxes

All of these factors result in many budget challenges in fiscal year 2014-2015 and beyond. Additionally, the Town is carefully monitoring Florida Legislative initiatives and their future impact on the Town's ability to function at its present level.

The millage rate for fiscal year 2015 was increased to 4.2719, representing the Towns' historical rate of 3.9404 plus .3315 to provide for a new transportation related capital infrastructure project, as compared to 3.9404 for fiscal year 2014 resulting in an anticipated positive net revenue change of \$374,254. Additionally, during the current fiscal year, unassigned fund balance increased to \$3,830,892. The Town of Southwest Ranches has assigned \$200,000 of fund balance for spending in the 2014-2015 fiscal year.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

Net changes in fund balance - total governmental funds (Page 19)		\$ 439,633
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense:

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources to governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts (other than direct issuance costs) are deferred and amortized in the statement of activities. This detail of the difference is as follows:		
Repayment of principal		502,068

TOWN OF SOUTHWEST RANCHES, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of the Town of Southwest Ranches, Florida's (the Town) significant accounting policies is presented to assist the reader in interpreting the basic financial statements. The policies are considered essential and should be read in conjunction with the basic financial statements.

The Town is an instrumentality of the State of Florida, incorporated in accordance with House Bill No. 1777 on June 6, 2000, to carry on a centralized government. The Town Council, which is composed of four elected Council members and the elected Mayor, is responsible for legislative and fiscal control of the Town. The Town is governed under a Council/Administrator form of government. A Town Administrator is appointed by the Council and is responsible for administrative and fiscal control of the resources of the Town maintained in the funds.

The accounting policies of the Town conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

A. FINANCIAL REPORTING ENTITY

The accompanying financial statements present the Town and its component unit, the Southwest Ranches Volunteer Fire-Rescue, Inc. (the Department). The Town Council appoints the voting majority of a Department's governing body and the Town is financially responsible (benefit/burden) for the Department.

The Southwest Ranches Volunteer Fire-Rescue, Inc. (the Department) became a blended component unit of the Town of Southwest Ranches on January 28, 2010 when the members of the Town Council became the Board of Directors of the Department. The Department is a legally separate, tax-exempt, 501c(4) organization that provides for the protection of human and animal life and property against fire, disaster, natural catastrophe or other calamity within the Town limits of Southwest Ranches. There are no separately issued financial statements for this component unit.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town and its component unit. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the Town is reported separately from certain legally separate component units for which the Town is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as *general revenues*.

Separate financial statements are provided for governmental funds and the proprietary fund. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting* as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days from the end of the current fiscal year.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes, franchise fees, utility taxes, charges for services, intergovernmental revenues and interest associated with the current fiscal period are all considered to be measurable and available and have been recognized as revenues of the current fiscal period. Revenues for expenditure driven grants are recognized when the qualifying expenditures are incurred. All other revenue items such as fines and forfeitures and licenses and permits are considered to be measurable and available when cash is received by the Town.

The reporting practices of the proprietary fund type closely parallel comparable commercial financial reporting, which recognize revenue when earned and expenses when incurred (the accrual basis) including, in the case of the enterprise fund, depreciation on its exhaustible capital assets, if any. Earned, but unbilled service receivables, if any, would be accrued as revenue in the enterprise fund.

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The *Transportation Fund* accounts for the receipt of the Town's portion of the state revenue sharing of the gasoline and local option gas taxes which are restricted for transportation related expenditures.

The *Capital Projects Fund* is used to account for the capital projects of the Town which have received the approval of the Town Council. Transfers from the general and other funds are made to this fund to cover such expenditures.

The Town reports the following major proprietary fund:

The *Solid Waste Fund* (an enterprise fund) accounts for the operation of the Town's solid waste collection, disposal, and recycling services.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between the Town's solid waste functions and various other functions of the Town, if applicable. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as *program revenues*. The general revenues include all taxes whose purpose has not been restricted to a specific program.

Proprietary fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net position. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary fund are charges to customers for sales and services. Operating expenses for proprietary funds include the costs of sales and services, administrative expenses and depreciation on capital assets, as applicable. All revenues and expenses that do not meet this definition are reported as non-operating revenues or expenses.

D. DEPOSITS AND INVESTMENTS

The Town utilizes a pooled cash account for cash of all Town funds other than those that are required to be physically segregated. The pooled cash account concept allows each participating fund to benefit from the economies of scale and improved yield which are inherent to a larger investment pool. Formal accounting records detail the individual equities of the participating funds. The pooled cash system utilizes a single checking account for Town receipts and all disbursements including payroll.

Investments are in the Florida PRIME administered by the State Board of Administration. Fund B, which is also administered by the State Board of Administration was dissolved during the year.

The Town's investments in the Florida PRIME are stated at the value of the pool shares (2a-7 like pool), which is fair value.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items of governmental funds are recorded as expenditures when consumed rather than when purchased.

F. CAPITAL ASSETS

Capital assets, which include land, construction in progress, intangible and infrastructure assets, improvements other than buildings, buildings and building improvements, and furniture and equipment are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Infrastructure	10-40
Improvements other than buildings	10-40
Buildings and building improvements	10-50
Furniture and equipment	3-20

G. LONG-TERM OBLIGATIONS

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts, if applicable, are deferred and amortized over the life of the bonds using the straight line method, which approximates the effective interest method. Bond issue costs are expensed at issuance. Bonds payable are reported net of the applicable premiums and discounts.

TOWN OF SOUTHWEST RANCHES, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. LONG-TERM OBLIGATIONS (CONTINUED)

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, in the year of issuance. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, and principal payments, are reported as debt service expenditures.

H. DEFERRED OUTFLOWS/ INFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The Town only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town has no amounts reported in this category in the current year.

I. UNEARNED REVENUE

Unearned revenue represents increases in assets prior to eligibility criteria being met.

J. FUND EQUITY

The Town follows the criteria for classifying governmental fund balances into specifically defined classifications. Classifications are hierarchical and are based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in the funds may be spent. The Town's accounting and financial policies are used to interpret the nature and/or requirements of the funds and their corresponding classification of nonspendable, restricted, committed, assigned or unassigned.

TOWN OF SOUTHWEST RANCHES, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. FUND EQUITY (CONTINUED)

The following are the fund balance classifications:

Nonspendable fund balance. Nonspendable fund balances are amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance. Restricted fund balances are amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance. These amounts can only be used for the specific purposes determined by a formal action (ordinance or resolution) of the Town Council, the Town's highest level of decision making authority. Ordinances and resolutions constitute the most binding constraints and are deemed equally binding and enforceable within the Town. Commitments may be changed or lifted only by the Town Council taking the same formal action (ordinance or resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance. Assigned fund balances are amounts that are constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed. Intent is established by the Town Administrator and Town Financial Administrator who have the discretionary authority as charter officers of the Town and to which the Council has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. There is no formal policy which has been established by Council delegating this authority. This balance includes (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted, or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue or capital projects fund are assigned for the purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the Town itself.

Unassigned fund balance. This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

TOWN OF SOUTHWEST RANCHES, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. NET POSITION

Net position is the result of assets and deferred outflows of resources less liabilities and deferred inflows of resources. The net position of the government wide and proprietary funds are categorized as net investment in capital assets, reduced by depreciation and any outstanding debt incurred to acquire, construct and improve those assets and deferred inflows and outflows of resources related to debt, and excluding unexpended proceeds.

Restricted net position is that portion of net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws and regulations of other governments) or imposed by law through constitutional provisions enabling legislation. Unrestricted net position consists of the net position that does not meet the definition of either of the other two components.

L. FLOW ASSUMPTIONS

Net Position Flow Assumption

Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance Flow Assumption

Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

M. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results may differ from management's estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS

DEPOSITS

During the year, the Town's pooled cash was held in qualified public depositories. In addition to insurance provided by the Federal Deposit Insurance Corporation (FDIC), all deposits are held in banking institutions approved by the State of Florida, State Treasurer to hold public funds. Under the Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all qualified public depositories to deposit with the Treasurer or banking institution eligible collateral of the depository. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Since the Town uses only authorized public depositories, all funds deposited with financial institutions are FDIC insured and/or are fully collateralized and treated as insured.

INVESTMENTS

The Town is authorized to invest in obligations of the U.S. Treasury, its agencies, instrumentalities and the Florida PRIME administered by the State Board of Administration. The investment policy defined in the statutes attempts to promote, through state assistance, the maximization of net interest earnings on invested surplus funds of local units of governments while limiting the risk to which the funds are exposed.

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (CONTINUED)

Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code and Chapters 215 and 218 of the Florida Statutes. These rules provide guidance and establish the policies and general operating procedures for the administration of the Florida PRIME. The Florida PRIME is not a registrant with the Securities and Exchange Commission (SEC); however, the Board has adopted operating procedures consistent with the requirements for a 2a-7 fund, which permits money market funds to use amortized cost to maintain a constant net asset value (NAV) of \$1 per share. The fair value of the position in the Florida PRIME is equal to the value of the pool shares. The investments in the Florida PRIME are not insured by FDIC or any other governmental agency.

The Town had the following investments as of September 30, 2014:

	<u>Fair Value</u>	<u>Weighted Average Maturity</u>
Investments		
Florida PRIME	<u>\$ 602,139</u>	39 days

INTEREST RATE RISK

The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates nor do they have any investments that are subject to interest rate risk.

CREDIT RISK

The Town does not have a written investment policy and, therefore, follows Florida Statute 218.415(17). The Town invests surplus funds in the State Board of Administration Investment Pool. The Florida PRIME is rated by Standard and Poor's. The current rating is AAAM.

NOTE 2 – POOLED CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

CONCENTRATION OF CREDIT RISK

Disclosure is required when the percentage of investments is 5% or more in any one issuer. At September 30, 2014, the Town only invests in an external investment pool and therefore is not subject to concentration of credit risk.

NOTE 3 – PROPERTY TAXES

Property values are assessed as of January 1 of each year, at which time taxes become an enforceable lien on property. Tax bills are mailed for the Town by Broward County on or about October 1 of each year and are payable with discounts of up to 4% offered for early payment. Taxes become delinquent on April 1 of the year following the year of assessment and state law provides for enforcement of collection of property taxes by seizure of the personal property or by the sale of interest-bearing tax certificates to satisfy unpaid property taxes. Assessed values are established by the Broward County Property Appraiser. In November 1992, a Florida constitutional amendment was approved by the voters which provides for limiting the increases in homestead property valuations for ad valorem tax purposes to a maximum of 3% annually and also provides for reassessment of market values upon changes in ownership. The County bills and collects all property taxes and remits them to the Town. Procedures for the collection of delinquent taxes by Broward County are provided for in the Laws of Florida. There were no material delinquent property taxes at September 30, 2014.

State statutes permit municipalities to levy property taxes at a rate of up to 10 mills (\$10 per \$1,000 of assessed taxable valuation). The tax levy of the Town is established by the Town Council and the Broward County Property Appraiser, who incorporates the Town's millage into the total tax levy, which includes the County, County School Board and other agencies tax requirements. The millage rate assessed by the Town for the year ended September 30, 2014 was 3.9404 mills (\$3.9404 per \$1,000 of taxable assessed valuation).

FLORIDA MUNICIPAL LOAN COUNCIL

In 2001, the Town entered into a loan agreement with the Florida Municipal Loan Council (FMLC) funded from proceeds of the Florida Municipal Loan Council Revenue Bonds, Series 2001A (the Bonds). Proceeds of the loan were used for the payoff of outstanding obligations, acquisition of certain parks and recreational land and construction of improvements and recreational facilities. As security for loan repayment, the Town covenants and agrees to appropriate in its annual budget amounts of non-ad valorem revenues sufficient to satisfy its annual debt service requirements under the loan agreement. During 2014, the Town was in compliance with this covenant.

On June 1, 2013 the Town entered into a loan with a financial institution for the purpose of refunding a portion of the Bonds. The amended loan requirements for the unrefunded portion of the Bonds are as follows: semi-annual payments of interest at fixed rates due in May and November of each fiscal year, beginning on November 1, 2013 through November 1, 2026; annual principal payments of varying amounts due in November of each fiscal year, beginning on November 1, 2026 through November 1, 2031; and semi-annual payments of interest at varying rates due in May and November of each fiscal year, beginning on May 1, 2027 through November 1, 2031.

LOAN PAYABLE

On April 7, 2010, the Town entered into a line of credit agreement with a financial institution in an amount not to exceed \$2,000,000 for the purpose of financing road improvements and drainage projects in the Town. The loan calls for monthly interest payments at 2.75% during the draw period. The principal amount outstanding at the end of the draw period shall be payable monthly, beginning May 7, 2012 in equal payments of principal and interest at 3.95% through April 7, 2022. The Town covenants to budget and appropriate in its annual budget from legally available non-ad valorem revenues in each fiscal year, sufficient moneys to pay the principal and interest on the loan. The annual requirements to pay principal and interest on this obligation as of September 30, 2014 are as follows:

EMERGENCY LINE OF CREDIT

On June 20, 2013, the Town entered into a revolving line of credit agreement with a financial institution in an amount not to exceed \$4,500,000 for the purpose of expenditures for extraordinary, nonrecurring items the Town desires or needs to undertake subsequent to and as a result of a natural, technological or civil emergency. Monthly interest payments at a variable rate equal to the prime rate less 0.25% will be due on any draws. The outstanding principal of the note plus any accrued and unpaid interest shall be due on June 30, 2018. The Town covenants to budget and appropriate in its annual budget from legally available non-ad valorem revenues in each fiscal year, sufficient moneys to pay the principal and interest on the note. There were no draws on the line of credit during the fiscal year ended September 30, 2014.

NOTE 8 – LEASES

CAPITAL LEASE

In 2007, the Town entered into a lease agreement for financing the acquisition of a 1995 Pierce Quantum Custom Pumper for the Volunteer Fire Department in the amount of \$124,000. The Town is leasing the vehicle in order to sublease to the Volunteer Fire Department at \$10 per year. This lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of its future minimum lease payments as of the inception date.

Asset Acquired Under the Capital Lease

NOTE 10 – COMMITMENTS AND CONTINGENCIES

AGREEMENT WITH BROWARD COUNTY AND TOWN OF DAVIE FOR LOCAL POLICE PATROL SERVICES

In 2007, the Town entered into an agreement with the Broward County Sheriff's Office (BSO) for local police patrol services through September 30, 2011. This contract was extended through January 2014. On November 19, 2013, the Council authorized police services for the Town to be contracted with the Town of Davie commencing February 1, 2014. The Town incurred total expenditures of \$2,557,304 for police services for the fiscal year ended September 30, 2014.

INTERLOCAL AGREEMENT FOR DELIVERY OF EMERGENCY MEDICAL AND FIRE PROTECTION SERVICES

In 2011, the Town entered into an agreement with the City of Pembroke Pines (Pembroke Pines) to provide emergency medical and fire protection services to the Town effective October 1, 2011 through September 30, 2015. During 2012, the Town and Pembroke Pines cancelled the agreement in effect and the Town entered into a new agreement with the Town of Davie (Davie) for relatively similar services effective October 1, 2012 through September 30, 2017. The new agreement may be renewed for successive five-year periods upon mutual agreement of both parties and has annual compounded increases of 4%. Either party may cancel the contract with a minimum notice of 365 days after the first four years. The Town paid \$2,483,520 under this agreement for the fiscal year ended September 30, 2014.

AGREEMENT FOR PLANS REVIEW AND BUILDING INSPECTION SERVICES

The Town extended a service agreement with a provider through March 1, 2015 for plan review and building inspection services. The amount of compensation is based on rates and schedules set forth in the agreement with a maximum percentage of 75% of actual revenue received by the Town. For the fiscal year ended September 30, 2014, the Town paid \$289,161 for these services.

AGREEMENT FOR PLANNING AND ZONING SERVICES

In 2010, the Town entered into a renegotiated agreement with a consultant to provide planning and zoning services on a full cost recovery fee structure. This agreement, which was set to expire October 31, 2010, was extended through April 30, 2015. For the fiscal year ended September 30, 2014, the Town paid \$161,435 for these services.

AGREEMENT FOR CODE COMPLIANCE SERVICES

The Town previously entered into a service agreement with a provider for the provision of code compliance services. The Company will provide code compliance services and act as the Code Compliance Official of the Town. The agreement expires in January 2015. For the fiscal year ended September 30, 2014, the Town paid \$124,483 for these services. Either party may terminate this agreement upon providing 90 days written notice.

LITIGATION

The Town is a defendant in various suits and claims incidental to its operations. Although the outcome of the litigation is not presently determinable, it is the opinion of the Town attorney and Town management that resolution of the matters will not have a material adverse effect on the financial position and results of operations of the Town.

GRANTS AND AWARDS

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the Town. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, would not have a material adverse effect on the financial position of the Town.

NOTE 11 – DEFINED CONTRIBUTION PLAN

All regular full-time employees are eligible to be covered by the Town of Southwest Ranches 401(a) Plan (the Plan), a defined contribution pension plan, administered by an independent agent, ICMA Retirement Corporation, and authorized by resolution effective March 27, 2014. The City's policy is to fund the annual pension costs in each department during the annual budget process.

Under the Town of Southwest Ranches 401(a) Plan, the Town matches, and therefore contributes, up to 5% (as a percentage of employees' gross wages) of the employees' annual elective contribution to an ICMA 457 Plan (see Note 12) for both General and Management personnel. Each personnel group receives a 20% graduated vesting over various periods of time by completing one through five years of full-time employment. Additionally, age 62 is the earliest age that personnel may elect to receive retirement benefits upon separation of service.

TOWN OF SOUTHWEST RANCHES, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

NOTE 11 – DEFINED CONTRIBUTION PLAN (CONTINUED)

Under the Plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. There are a total of 12 employees for both personnel groups under the 401(a) Plan as of September 30, 2014. The total contributions made by the Town were \$18,213.

NOTE 12 – DEFERRED COMPENSATION PLAN

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Service (“IRS”) Code Section 457. The Plan, administered by the ICMA Retirement Corporation, which is available to all Town employees, permits them to defer a portion of their salaries until future years. Participation in the Plan is optional. The deferred compensation plan is generally not available to employees until termination, retirement, death or the hardship distribution criteria as defined in IRS Code Section 457. The assets of the Plan are held in trust and are the sole property of the participants; therefore, no balances or financial information is reported in the Town’s basic financial statements.

NOTE 13 – OTHER POST EMPLOYMENT BENEFITS

The Town follows the standards for *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions* (OPEB). The standard does not require funding of OPEB expense, but any difference between the annual required contribution (ARC) and the amount funded during the year is required to be recorded in the employer’s Statement of Net Position as an increase (or decrease) in the OPEB obligation.

PLAN DESCRIPTION

The Town provides an optional single employer defined benefit postemployment healthcare Plan to eligible individuals. The Plan allows its employees and their beneficiaries, at their own cost, to continue to obtain health and dental insurance benefits upon retirement. The benefits of the Plan conform to Florida Statutes, which are the legal authority for the Plan. The Plan has no assets and does not issue a separate financial report.

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

NOTE 13 – OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

FUNDING POLICY AND ANNUAL OPEB COST

The Town does not make a contribution to the Plan on behalf of retirees. In addition, retirees and their beneficiaries do not pay group rates to the Town's healthcare provider due to the fact that rates for current employees are adjusted based on their age. In accordance with accounting standards, the Town has evaluated and determined that it is not necessary to calculate an offset to the cost of these benefits as an employer contribution, based on implicit rate subsidy since the premiums are adjusted based on age. Therefore, no liability to the Town has been recorded.

NOTE TO BUDGETARY COMPARISON SCHEDULES

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2014

The Town follows the procedures below in establishing the budgetary data reflected in the accompanying financial statements.

NOTE 1 - BUDGETS AND BUDGETARY ACCOUNTING

- a. Prior to September 1, the Town Administrator submits to the Town Council a proposed operating budget for the ensuing fiscal year, commencing October 1. The operating budget includes proposed expenditures and the means of funding them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally enacted through passage of an ordinance.
- d. Upon request of the Town Administrator or Town Financial Administrator, the Town Council, in the form of a resolution, may amend the budget, make changes between funds or from a reserve, and increase or decrease a fund. The Town Administrator or Town Financial Administrator may make changes within a department. Therefore, the legal level of control is at the department level. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the fund from which it was appropriated and is subject to future appropriations.
- e. Annual appropriated budgets are adopted for the General Fund, the Transportation Fund (a special revenue fund), the Debt Service Fund and the Capital Projects Fund on a basis consistent with accounting principles generally accepted in the United States of America.
- f. The reported budgetary data represents the final approved budgets after amendments (supplemental appropriations) adopted by the Town Council.

¹Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position is considered restricted only when (1) an external party, such as the State of Florida or the federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the Town. There are no restrictions currently reported as a result of enabling legislation.

REPORTING SECTION

2014 Town of Southwest Ranches Rural Public Arts & Design Advisory Board Photo Contest
Submitted by: Mary Coulson

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Southwest Ranches (the Town), as of and for the fiscal year ended September 30, 2014 and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated March 6, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE
AUDITOR GENERAL OF THE STATE OF FLORIDA**

To The Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

Report on the Financial Statements

We have audited the financial statements of the Town of Southwest Ranches, Florida (the Town), as of and for the fiscal year ended September 30, 2014, and have issued our report thereon dated March 6, 2015.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 6, 2015, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the financial statements.

Financial Condition

Section 10.554(1)(i)5.a., Rules of the Auditor General, requires that we report the results of our determination as to whether or not the Town has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Town did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Town's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Section 10.554(1)(i)5.b., Rules of the Auditor General, requires that we report the results of our determination as to whether the annual financial report for the Town for the fiscal year ended September 30, 2014, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2014. In connection with our audit, we determined that these two reports were in agreement.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendation.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, Town Council Members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO
SECTION 218.415 FLORIDA STATUTES**

To The Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

We have examined the Town of Southwest Ranches' compliance with Section 218.415 Florida Statutes for the fiscal year ended September 30, 2014. Management is responsible for the Town of Southwest Ranches' compliance with those requirements. Our responsibility is to express an opinion on the Town of Southwest Ranches' compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Town of Southwest Ranches' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Town of Southwest Ranches' compliance with specified requirements.

In our opinion, the Town of Southwest Ranches complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2014.

This report is intended solely for the information and use of management, Town Council, others within the Town of Southwest Ranches and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.
